## Foreword

The past generation has left you with many problems, with the turmoil and unrest of today, and with the failure of many in meeting the challenge of the future. A dim picture for the future of America exists today—but when one has the privilege of working with such a class as the Class of 1968, there can be no doubt that the future of our country is to be left in good hands.

You, the Class of 1968, and those who follow face a world teeming with millions, living and working in a complex and troubled society. Faith will give you the strength to meet the future courageously. Faith inspires you to live in order to better your lives, the lives of your friends and relatives, and the generations yet to come. You need an abundance of faith in God, your education, your fellow man, and yourself.

The faith you have in God gives you confidence in life; the faith you have in your education gives you confidence in meeting the problems that confront you; the faith you have in others opens the doors of cooperation; and the faith you have in yourself gives you courage to face the future unafraid.

As you depart from your Alma Mater into the adult world, I challenge you to hold high the torch of faith.

## Dedication

He has been an inspiration to all of those around him. In addition to his tireless efforts to make our school what it has become, he has also been an excellent leader. Students admire most his ability to get along with others, an asset which he has illustrated in many ways.

Not only has he spent many hours at his job as Athletic Director, but also as basketball and baseball coach and assistant coach in track and football. He has been an excellent teacher of World History, Government, and Economics, as well as sponsor of the Class of '68 for four-years. His great sense of humor is only excelled by his understanding which he shares with his students.

With deepest respect and admiration, we proudly dedicated the 1968 Bluejay to Mr. Jacob Grasmick.

## Student Council

The Student Council was very active this year under the fine leadership of Fred Bryson. Other officers were John Baker, Vice-President; Nancy Focht, Secretary; and Dirk Dunn, Treasurer.

The first project of the year was the completion of a new and larger concession stand at the Bluejay Track and Field. Student Council also sponsored Homecoming activities such as decorating the windows in the business district and organizing the homecoming parade.

To celebrate the Christmas season, the council sponsored the Second Annual Christmas Ball. Other projects were the adoption of an Indian boy and the starting of a student lounge. The whole year was a great success, and the council should be congratulated for its many accomplishments.

Goofin' off.

President, Fred Bryson.

## Chorus

Under the direction of Mr. Thor McMillen, the Chorus department had an outstanding year with the Mixed Chorus, Girls Glee, and Boys Glee all receiving I ratings at State Music Contest. This accomplishment exceeds all those of recent years and Mr. McMillen certainly should be congratulated for his fine work.

The season included a Tall Corn Conference Co-Championship, the Sectional Championship, and the District Championship, which placed the Jayettes among contenders for the State title. After a controversial loss to Paton-Churdan by one point, the Jayettes finished their season with an outstanding record of 21 and 2. Sisters Colleen and Paula Means were named to the All-Conference first team. Also, Paula was placed on the State sixth team and Colleen received honorable mention. Raymond Sutphen, an active senior at Villisca Community High School, lost his life in a car accident Thursday, May 16, 1968. He was always known by his classmates as having a deep interest in the field of science. Ray received the Outstanding Senior Scientist award, having been unanimously elected by the senior members of Science Club to receive this honor. He was also active in the Band, and enjoyed playing the piano and organ. Ray was a popular, well-liked student with a great sense of humor. He will be remembered and missed by all who knew him.

A yearbook is like a magic mirror, capturing, holding, and reflecting forever the vibrant force and personality which was our school year.

A yearbook is people—and people are laughter, tears, cheers, taunts, dreams, studies, goofing off.

And a yearbook is events—proms, music, dates, and lack of dates. Football games won and celebrated; football games lost with tired senior players walking silently together for a last look at the lengthening shadows on a now-empty field, turning quickly away with unhidden tears.

A yearbook is life—a year of life—a year lived—a year now gone. Yes, this year has passed away, but for those who have trodden these hallowed halls, the cherished moments and close friendships will never be forgotten. And the high ideals and character generated within these walls will remain as a promise of inspiration and guidance to each of us for countless years to come.

THE PAST FOREVER GONE . . .

Dear VHS:

From goofing up pages to the finished product, we admit, it's been quite a bit of work, but always a lot of fun and we hope our efforts will help you remember this year forever.

There are many people to whom we wish to express our appreciation:

The merchants of Villisca, Nodaway, Red Oak, and Clarinda who bought advertising in order that we could meet our financial needs;

Mr. Baxter and the faculty who let us interrupt classes to take the pictures needed for the Annual;

Mr. Baldwin of Stern Studios who survived the unbelievable madness created by staff members;

Mr. Barker, our sponsor, who, in those times of confusion always managed to keep his cool;

And to everyone else who helped make this 1967-68 edition of the BLUEJAY possible.

We hope that this book has captured those true moments that were YOUR year of 1968.

Sincerely,

THE BLUEJAY STAFF
